COLIN CHISHOLM *

A former popular resident of Marmora passed away under most distressing circumstances at his home on the 6th concession of Sidney last Thursday in the person of Colin Chisholm, son of the late Mr. and Mrs. Donald Chisholm.

The deceased had been in poor health recently, but kept around assisting with the work on his farm. Thursday morning he went out to feed his pigs and when he had not returned to the house by noon his sister went to look for him and found him with his head in a whey barrel.

There was evidence that he had been sitting on a bag of feed along side the barrel and when he got up he fell striking his head on the barrel, as there was a bruise on the top of his head.

The fact there was no whey or water in his lungs would also indicate that he had expired as he fell head first into the barrel. Dr. McMullen, of Frank ford, was called and pronounced life extinct. The Provincial police investigated and decided an inquest was unnecessary.

The late Colin Chisholm was forty-three years of age and most of his life was spent on the Chisholm farm just south of the village. He was always very popular here, his kindly cheerful disposition winning him numerous friends.

He is survived by two brothers, Murney and Clarence and one sister, Miss Eliza Chisholm. He was unmarried.

The funeral was held Saturday forenoon, service being conducted at his home after which the remains were brought to Marmora Protestant cemetery for interment.

FRED COOPER WAS * KILLED BY AUTOMOBILE

Fred Cooper, of Marmora Township, was instantly killed on No. 7 Highway about 2.30 o'clock Sunday morning, when struck by an automobile owned and driven by Mr. Walter J. Leal of Tweed. According to reports there was heavy patches of fog along the Highway and Cooper was hurled about fourteen feet by the impact of the car and suffered multiple fractures of the skull and numerous other abrasions, causing almost instant death.

After the accident Leal turned around so as to throw the light from the car on the victim of the accident. He waited about five minutes to see if any car came along and then drove to Marmora and notified Constable Percy Gray. The latter called Patrol Officer J. H. Hatch and the two went to the scene of the accident as quickly as possible. After securing a statement from Leal, Coroner Dr. S. Eagleson was notified and an inquest was ordered.

Messrs. Thos. R. Warren, George Forestell, C. E. Jones, Wilbert Bedore and John Wellman were called on and sworn in as jurors. After viewing the remains the inquest was adjourned until Wednesday, Sept. 27th, at 10.30 o'clock. The remains were then taken to the undertaking room of F. N. Marett & Co. where an autopsy was made by Dr. Hamilton Crawford. The body was then prepared for burial.

The deceased is survived by his widow, who resides in the United States, one son and one daughter. He is also survived by a brother Ephriam Cooper, with whom he resided and three sisters, Mrs. Jacob Archibell, Mrs. John O'Brien, Marmora, and Mrs. Jos. Smith, Trenton. He had taken care of his brother for some time and also rendered many services to Mrs. Archibell, as her husband is blind.

The funeral took place on Monday afternoon from the residence of his sister, Mrs. Archibell. Service was conducted by Rural Dean A. B. Caldwell. Interment took place in Marmora Protestant cemetery.

THE INQUEST *

The inquest into the death of the late Fred Cooper was held in the town hall at 10.30 a.m. yesterday with Coroner Dr. S. Eagleson, of Madoc, presiding. Crown Attorney, B. C. Donnan, K.C., examined the witnesses. The jury was composed of Messrs. Thos. R. Warren, George Forestell; C. E. Jones, Wilbert Bedore and John Wellman.

Constable Percy Gray was the first witness called. He had been called about 2.30 a.m. by Walter J. Leal, of Tweed,, who reported he had struck a man on No. 7 Highway and he thought he was dead. Leal described the man and from the description witness concluded it was Fred Cooper. Leal was very nervous, but did not show any evidence of having been drinking. Witness called Patrol Officer J. H. Hatch and together they went to the scene of the accident. The body was lying on the south shoulder of the road. Apparently the car was travelling about the centre of the south half of the road, about 8 feet from the south edge of the road, when the accident occurred. Victim had skull badly fractured and other bruises and abrasions. Damage to the car was also described, showing right lamp had glass smashed, fender had dint and brace was bent and spattered with blood. There were heavy patches of fog along road. Asked as to Cooper's condition in evenin, g witness replied he had been drinking beer. Witness stated that considering driving conditions, he didn't think the driver could be held responsible for the accident. Mr. Scott, of Belleville, photographer, was next called. He presented three photographs, one showing road where accident occurred and two of the car showing result of accident to it.

Provincial Officer J. H. Hatch stated that Leal was perfectly normal except that he was excited. He described position of body and where car appeared to have been when accident occurred. He could tell where the impact took place as boot had. scuffed up the hard ground. Brain tissue was scattered along road for three or four feet Near the body was a potato sack containing groceries and pipe was lying about four feet from body. Mr. Leal had, stated he was coming from Peterborough and owing to fog did not see Cooper until about 10 feet from him. When witness reached point of accident it was perfectly clear with no fog. He examined brakes of car and had a mechanic examine them. Found that travelling at 20 miles an hour it would take 80 feet to stop.

Dr. Hamilton Crawford gave evidence of examining the body. The skull was badly fractured with lacerations in brain cavity about four inches long extending up and back from over right eye. He also described other bruises and abrasions. Death was due to laceration of brain and was likely instantaneous. Lem Lung gave evidence that deceased came to his restaurant about 1 a.m. and remained for about half an hour and was quite drunk. He kept dancing all the time. James Burridge met Cooper a few minutes before the accident At that time there was heavy fog a short distance from, where he met Cooper.

Walter J. Leal, driver of the car admitted his brakes were not what they should have been, but claimed he was so close to Cooper before he saw him that he could not have avoided hitting him with the best of brakes. If the deceased had been walking along the shoulder of the road he would have missed him entirely. He had not been drinking at all.

Mrs. Leal corroborated the evidence of her husband.

The jury quickly brought in a verdict exonerating Mr. Leal from any blame in connection with the accident, which occurred about a mile and a half west of the village
